

Procedural Generation

What is Procedural Generation

Used for:

- Level & Terrain Generation
- Character Dialogue & Animation
- Object Instantiation
- Loot Systems
- Many More!

How It Started

1980s Rogue – Procedurally Generated Level

Every Level is procedurally generated.

Different every time the game is played.

Started a new genre:
Rogue-Like

How It's Done

Bunch of known methods:

- Grammars
- Wave Function Collapse
- Markov Chains
- HEAPS MORE!

Sometimes Combined!

Focus Topic = Level Generation

Different Level Generation in The Binding Of Isaac

- Different Every Time = Replay Value++

Proc Gen In Rogue-Likes

Shared Features In Rogue-Likes:

- Proc Gen for:
 - Levels
 - Items/Rewards
- Different every time
- Perma Death

Proc Gen Level Types

Random Levels With Basic Rules

VS

Strict Structure With Slight Variations

Project Outline

Learning Goals:

Learn & Understand
Proc Gen

Learn multiple
techniques

Learn to combine
them

Why Learn This?

I want:

- Make my own Rogue-Like

+

- Reactive Levels

What Does This Mean?

Difficulty = 0

- = Fire Enemy
- = Water Enemy

Deliverables

Stage
1:

- Few algorithm prototypes

Stage
2:

- Hybrid version that fits me

Stage
3:

- Populate the level
